Dear Franco

Good afternoon

Many greetings from Tanzania

This year weather changed more than past years we are happy and enjoying cold weather no shine sunny like other summa in Tanga. How about Mons. Guido what doctors have done to him? Michele is doing fine? We are praying for them.

I am happy to inform you that we planned to establish canteen for those patients need soft drinks, tea, coffee, Juice, cakes and food. We have renovated container and we are in finishing process. This container divided in three rooms which will be used for shop, kitchen and store.

This project will be other source of income to hospital because staff Relative of the patients and also patients they will buy drinks, foods and we will get money. Not only staffs and relatives will benefit with this canteen but other people surrounding the centre. We are at finishing stage of container but we are missing capital for starting business; we don't have utensils, fridge, and raw foods etc.

The amount needed to start this project is 7000.00 Euro = 16,100,000/=

We asking your assistance for this project so that we can increase source of income

Thank you very much for your time to read our request.

We hope to hear from you soon.

Kindly find attached photos of renovated container.

Sr. Flora Mushi

Hospital Administrator.
